

LAKE JOURNAL BULLETIN

TWO INLETS LAKE ASSOCIATION

QUARTERLY NEWSLETTER

WINTER 2015

VOLUME 1 EDITION1

PRESIDENTS REPORT

Welcome to our new Two Inlets Lake Association newsletter, "Lake Journal Bulletin." In an attempt to provide better communications, we will try a quarterly (more or less) publication and see how it goes. Let us know what you think.

The law regarding AIS (aquatic invasive species) decals, that were to be placed on boat trailers, has been shelved as unworkable, unenforceable and totally stupid. This law had yet to be repealed by writing another law that has not been signed by the Governor, but it is not expected to be a issue.

Also in state government news a proposed 50 foot "buffer zone" on lakes, rivers and streams is being considered. This zone would be on each side of streams. It is unknown how this proposal will affect those of us on the lake but given how poorly laws have been written lately, you have been forewarned.

It has been a pretty good ice fishing season so far, especially for crappie.

The "Little Free Library" box has been built and will be installed in April or when the ground thaws. The location of the box will be at the corner of Two Inlets Drive and Swamp Road. The township has approved it being in the right-of-way at this location. It will be incumbent on all of us to ensure the material (books) are "appropriate" without going so far as to censure. Hopefully, you will have books to donate to keep the library stocked.

Stay warm, stay safe. Glen Wolters, President
