

April 19, 2009 Vacationaire Lodge

Meeting was called to order by Terry Goodrum at 4:30pm.

Present: Terry Goodrum, Linda Eickman, John Brady, Mary Jane Keller,  
Dorothy Noyes, Tom Wagner and Glen Wolters.

Not present: Chris Goetzke

Issues:

Becker Co. COLA: Terry reported that the organization has drafted new by-laws to return to focusing on local lake association concerns and these changes will be voted on at their May meeting. After some discussion the Board members decided to see the impact of these changes and will review our continued membership later in the year.

DNR ramp: Tom Wagner made the motion to have a board member contact Jonathan Carter regarding any planned ramp work in 2009. Seconded by Glen Wolters. Terry will e-mail Jonathan regarding this and winter maintenance.

Walleye Stocking: None of the board members could recall any articles on this matter and Terry offered to contact Doug Kingsley of the Fishery office.

John Brady reported that our 2008-2009 membership check to Becker Co. COLA is still outstanding.

The Two Inlets Lake Association membership form has been updated by Chris Goetzke and the only suggested change was to the dues collection date.

Communications: We will continue to use e-mail to contact the members. It was noted that 7 of the board members are year round residents if anyone wishes to express concerns. Valerie is continuing to update the website as changes come up. That address again is : [www.twoinletslake.org](http://www.twoinletslake.org) .

Gathering dates: It was suggested that Saturdays would be more convenient for some members. Good idea for future events.

Boat Parade: Glen Wolters will contact the Becker Co Sheriff for permit. Date will be July 3 with a tentative "step-off" time of 1:00pm from the DNR launch.

Garage Sale: A Two Inlets Lake and Community garage sale will be held on Thursday, June 18th, 2009 during the hours of 8:00am - 5:00pm. Contact RuthAnn or John Brady at 218 732-1189 to join in on this event.

Meeting was adjourned at 5:20 pm.

Terry Goodrum

#### Follow-up information

DNR ramp: Per Jonathan Carter only spot maintenance is planned for 2009. The DNR does not do any winter maintenance work at any accesses. They are not opposed to a local person plowing the area, which is done now, but that party will not be compensated.

Walleye stocking: Per Doug Kingsley, 340 lbs of walleye fingerlings will be stocked this fall. We are on the odd-year stocking plan until netting surveys cause the DNR to re-evaluate this.

COLA check: Per Treasurer, Wayne Lee, once located this check will be cashed.
